# Classes

**Ballet:** Classical training, with dancers engaging in adagio, allegro, leaps, and turns.

**Pre-Pointe/Pointe I/Pointe II:** Structured the same as the Ballet class, but with more emphasis on exercises to strengthen the feet and ankles.

**Character:** Integral to much of the classical Ballet repertoire, dancers will learn the stylized representation of the traditional folk or national dance, mostly from European countries, and use movements and music which have been adapted for the theater.

**Variation:** Dancers will be taught selected small group choreography from classical Ballet variations.

**Jazz:** Dancers will begin with a thorough warm-up, isolation exercises and center work. This energizing class will emphasize agility, strength, flexibility and timing, as well as isolations, leaps, turns and other jazz combinations.

**Modern:** Dancers will focus on Horton, Graham, Dunham, etc techniques, to increase entrepreneurial skills, flexibility and transferability to other genres and styles of dance.
